

ECO-ZYME™

CONCENTRATE **ULTRA** PATENT PENDING

MULTI-TIERED ENZYMATIC DETERGENT

ECO-ZYME (ULTRA) **CONCENTRATE** is an extremely effective multi-enzymatic detergent for cleaning all metallic, plastic medical, dental, veterinarian surgical instrumentation including Flexible & Rigid Endoscopes.

Eco-zyme's unique patented formulation contains a variety of SAFE enzymes and surfactants that BREAKDOWN ALL THE COMPOUNDS OF ORGANIC AND INORGANIC BIOLOGICAL RESIDUE.

What are the Benefits?

EFFECTIVE/FAST ACTING:

Eco-Zyme Enzymatic detergent is designed to effectively digest biological residue on contact. (1-5 MINUTES)
Eco-Zyme is formulated to lift/suspend and remove proteins (blood), carbohydrates, fats, human secretions lipids, tissue, synovial and all body fluids etc.

SAFE ON: Orthopedic, Lapraoscopic, Neuro, Microsurgical Instrumentation ect.

All metals (stainless steel, titanium, gold plated, tungsten carbide, aluminum trays etc.
All plastics, rubber tubing and automatic machine gaskets. Glassware/lenses.

- NO HAZARDOUS INGREDIENTS
- NEUTRAL PH once diluted
- RUST INHIBITORS (NO LUBRICATION CYCLES)
- NO DYES
- LOW FOAMING
- ODORLESS WHEN DILUTED
- FORMULATED TO BE COMPATIBLE IN HARD WATER

ECONOMICAL CONCENTRATED FORMULA (DILUTION RATIOS):

Manual Cleaning (sink-side)
1/4-1oz per gallon of water
(Depending on Residue Build-up)
Ultra Sonic Machines--1/8-1/2 oz
Automatic Washers --1/12-1/2 Oz

****PROLONGS INSTRUMENT LIFE (SHINES AND RESTORES INSTRUMENTATION/EQUIPMENT****

CLASSIFIED AS ("ULTIMATE BIODEGRADABLE") (OCED TESTING GUIDELINES)
